CS175 Final Project

1. Due date Dec 14, 11:00 AM.

2. You can work in pairs (late days shared between partners)

3. Even with late days, work must be in by Dec 16, 11:00 AM

4. Submit it as assigment 10

5. This will be worth 2x our typical weekly assignment.

6. Your project must include an complete write up (with figures), describing what you did, what you tried, what you learned, what your resources were.

7. The write up can be in PDF, or in HTML. HTML write ups must all be in a self contained tar (test it please)

8. One useful resource are the siggraph proceedings: (google "siggraph papers on the web").
